REMARKS

In response to the restriction requirement set forth in the Office Action of September 19, 2002, Applicants respectfully request reconsideration of the above-captioned patent application in view of the following election and remarks:

In the above-noted Office Action, the Examiner found the application contained two distinct inventions: Group I (claims 1-12, 17-65 and 67-80) and Group II (claims 13-16 and 66). Applicants hereby elect Group I (claims 1-12, 17-65, and 67-80) for prosecution on the merits. This election is made without traverse. Claims 13-16 and 66 designated by the Examiner as Group II are now cancelled from the Application. Claims 1-12, 17-65 and 67-80 remain in the their as-filed form.

In response to the election of species requirement for Group I, Applicant elects Species I (the embodiment of Figures 2a-2d) for prosecution on the merits. This election is made without traverse. Claims 1-12, 17-63, 67-72, 77-80 appear to be readable upon Species I.

Applicants believe that inventorship remains the same as in the as-filed case.

In addition, please provide any extensions of time which may be necessary and charge any fees which may be due to Deposit Account No. 10-0750, but do not include any payment of issue fees.

Should there be any remaining or further questions, the Examiner is requested to place contact the undersigned directly.

Respectfully submitted,

thousan M. Dilla
